Some satisfaction was manifest over the preliminary estimates of the week's currency movement, which indicated that the depletion of bank reserves by the flow to the interior has been arrested. The outgo for the week seems to have been less than \$1,000,000, and the exchange in the cash item of the banks on call accounts little more than nominal. There was some revival of uneasiness abroad over the situation in the Balkans, the truculent attitude of Bulgarla being the assigned reason. There was some appearance of profit-There was some appearance of profitaking sales in the general list, unde cover of the strength in the two lend-

Sympathy.

NEW YORK, October 16.—The
strength of individual stocks affected
the general list by sympathy to-day.
The causes back of the strength in the
influential stocks were lost in conjecture, but the manner in which they
were absorbed, and the evidence of
scanty market supplies, were accepted
as evidence of accumulation. Union
Pacific and St. Paul were the conspictions instances.
